### **VISA INFORMATION FOR TANZANIA**

New Visa Process at Kilimanjaro

Kilimanjaro Airport has introduced new processes for travelers obtaining visas on arrival. These changes require multiple queues and have resulted in some travelers waiting in excess of 1.5 - 2 hours.

With this change in place, we strongly recommend and encourage all clients to obtain their visa online in advance of arrival through below Immigration Link

<https://eservices.immigration.go.tz/visa/>

E-visas typically take 2 – 3 weeks to be issued. This is particularly important for Kilimanjaro arrivals due to the new processes in place and the delays, but is advisable for arrivals into all ports which accept e-visas: Kilimanjaro, Dar es Salaam, Zanzibar, Namanga road border with Kenya, and Tunduma road border with Zambia. Arrivals from the Masai Mara into Tarime Isebania can use e-visas but the border post is not fully set up to process these so visas on arrival may be best there.

We kindly ask you to make sure all of your clients travelling to Tanzania Mainland are aware of this change, and encourage them to get visas in advance of travel if at all possible to save time on arrival line up.

Applications Must be made by Individual traveler on below link,  
<https://eservices.immigration.go.tz/visa/>

Additional Information for Visa Application also on below link  
<https://eservices.immigration.go.tz/visa/guidelines>

### **ENTRY PORTS**

Applicants whose visa applications have been approved are required to enter the United Republic of Tanzania (which includes both Mainland Tanzania and Zanzibar) through one of the five specified Entry Points, which are:

- Julius Nyerere International Airport (JNIA).
- Kilimanjaro International Airport (KIA).
- Abeid Amani Karume International Airport (AAKIA).
- Namanga border.
- Tunduma border.

You may also enter Tanzania and Zanzibar via sea.
